The Honorable Steve Scalise

Dear Speaker Boehner, Majority Leader McCarthy, and Whip Scalise:

We write to follow up regarding our continued concerns with Planned Parenthood Federation of America. As you may recall, 18 members of Congress wrote you regarding this topic in late July, and we write again to reiterate those same sentiments and requests.

We are deeply disturbed at reports that Planned Parenthood has been selling the tissue of unborn babies. While repulsive enough on its own, the fact that the organization may be seeking to profit from such sales borders on the despicable. We are horrified at this information, as many people are. We must repeat that it is imperative that Congress do everything within its power to investigate these reports and take immediate action to stop them.

It simply is not acceptable that Congress appropriates taxpayer funds to support an organization that engages in this sort of activity. Toward that end, please know that we cannot and will not support any funding resolution – an appropriations bill, an omnibus package, a continuing resolution, or otherwise – that contains any funding for Planned Parenthood, including mandatory funding streams.

In addition, we believe that it would be helpful to all House Republicans to have a special conference and request such a meeting at the earliest possible date to discuss how best to address these atrocities.

These activities by Planned Parenthood cannot go unanswered by Congress. We look forward to your response and prompt attention in this matter..

Respectfully,
